Genadio ColinaS

B2B marketing manager with 13+ years of experience translating technical products into clear market positioning, demand programmes and partner enablement across Europe and Asia. I combine hands-on content and campaign execution with commercial discipline: aligning sales, product and regional teams around the buyer problem, the evidence and the next action. Most recently, I led Iberian market entry for a cleantech hardware brand,

01. Design Example – Eco Green Energy Visual Overhaul

Led the redesign of Eco Green Energy's visual communication system, moving the brand towards a more premium, technical and contemporary position..

- **Created adaptable templates for LinkedIn, Instagram, regional Facebook pages and the global website, allowing local teams to maintain consistency while adapting content to different markets.**

- **Coordinated the first implementation wave with design and communications teams across Europe, MENA and LATAM.**

02: Livoltek Brand Repositioning – Spain

Role: Repositioned the brand from a mainly technical perception towards a more innovative, accessible and partnership-led proposition.

- Unified B2B and B2C messaging across Solar and eMobility.
- Localised global assets for the Spanish market.
- Redesigned brochures, social content, event materials and sales collateral.
- Managed a €160K annual marketing budget and contributed to more than €500K in attributed sales for mobility
- Presented the strategy and visual system to HQ and secured approval for implementation.

Creation Process

Brief → Build → Validate

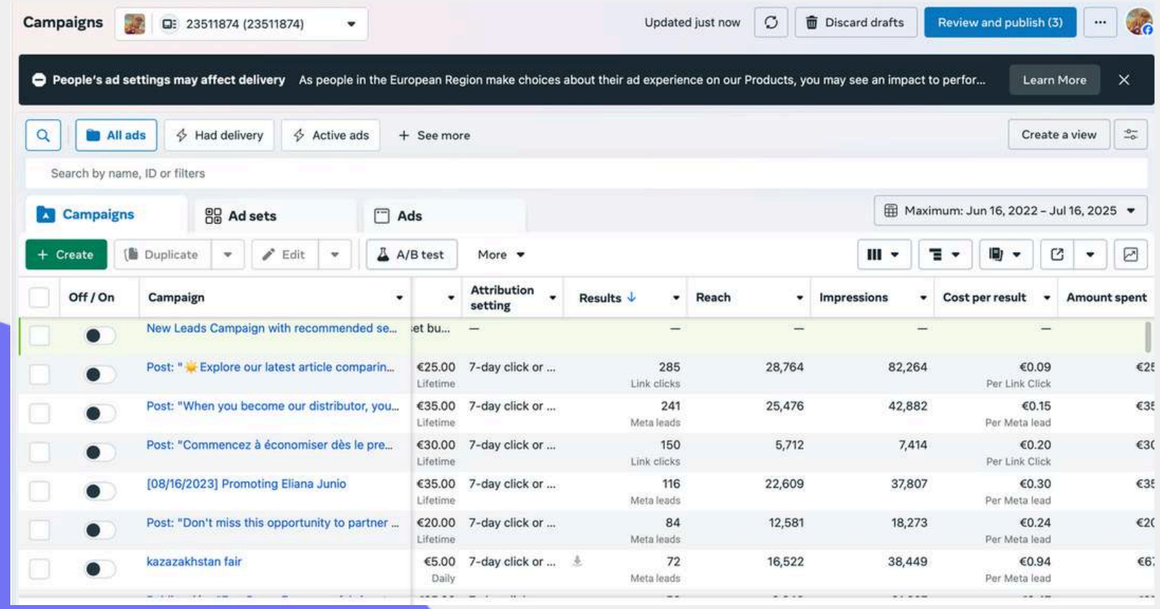

- **Brief:** Understand the audience, commercial objective and technical evidence.
- **Build:** Create the narrative, visual system and channel adaptations.
- **Validate:** Review technical accuracy with product or business leads before publication.

Every asset is adapted to its audience: CPOs care about profitability, installers about implementation and warranty, and end customers about clarity and trust.
